Note: On 30 Sep Ports of Auckland issued an advisory in which they estimate at least another 8 weeks (beginning December) until they can restore reliable level of proforma window performance. **Until these windows are re-instated and productivity & congestion issues improve, we envisage Moana Chief will rotate on a 11-12 day round-trip frequency - please plan your bookings based on this cycle.**

Due to the fluid nature of productivity & congestion issues Ports of Auckland, changes may occur without prior notice.
