

2 June 2016

Fuel Surcharge

We wish to advise that following a review of the current bunker prices, the Bunker Adjustment Factor (BAF) for July 2016 will be set at 1.03%.

The BAF will again be reviewed at the end of June 2016.

If you require information on our BAF, please do not hesitate to contact your local Pacifica Shipping Account Manager.

Yours sincerely

Leigh Cooper
National Sales Manager
